On July 4, 2022 at about 10:20 PM Kenosha Police responded to the 6300 block of 25th Avenue for a shooting. Police encountered a chaotic scene with obvious evidence of multiple gunshots being fired.

There were five victims from this shooting, all adults. One of the victims is deceased. The other four victims were transported to local hospitals with two being transferred to Milwaukee area hospitals due to serious injuries.

There are no suspects in custody and no known motive. This is an open and active investigation. Ages and residence of the victims is not yet known and there is no further information at this time.

Investigators are urging anyone with any information about this shooting to contact the Kenosha Police Detective Bureau at 262-605-5203 or the Kenosha Area Crime Stoppers at 262-656-7333. Police need cooperation from people who were there.

While at the hospital investigating the above shooting, police were notified by hospital staff that there was a juvenile with a gunshot wound to their foot. This incident is unrelated to the above. The victim believed they were struck by a firework while at Kenosha's lakefront watching the fireworks show. Medical examination of the injury confirmed that the victim was actually struck by a bullet. Police believe this to be a random gunshot that was fired in the air from somewhere within the city and the bullet came down striking the victim. This case also remains under investigation.
