The Kenosha Police and Kenosha County Sheriff's Departments understand and recognize the anxiety surrounding the Kyle Rittenhouse trial. There are many questions being asked by our community as well as media outlets.

Our departments have worked together and made coordinated efforts over the last year to improve response capabilities to large scale events. We have also strengthened our existing relationships with State and Federal resources. To date, we have no reason to facilitate road closures, enact curfews or ask our communities to modify their daily routines.

Lastly and most importantly, we have and will continue to be engaged with our community and its leaders.
