

Civil War Museum Theatre Program Outreach

If you are unable to come to the Civil War Museum, we will bring the actors to your school or organization.

This program is recommended for adult audiences and student audiences 4th grade and older. The program includes a 30 to 45 minute performance, a 10-minute question and answer session with the actor “in character,” and a 10-minute question and answer session with the actor as his or her modern day self. The first question and answer session allows the audience to learn more about the character and his or her viewpoints. The second allows the actor to make connections between the past and today without compromising the first-person interpretation.

You should plan on scheduling a program outreach visit at least one month in advance. Educators receive standards-based pre-visit information and post-visit activities.

Call 262-653-4433 for more information and fees.
