Kevin,

I would recommend the 1st space south of 59th st on the west side of 6th av-A[[SEE attached photo]].There is a ramp there leading to the church....The location will require 2 sign posts to be installed in concrete...

A trial for PSW would be suggested to designate the 1st space south of 59th st on the west side of 6th av-A as 1 handicapped parking space only.

Randy,

Please see request below from Alderman Ruffalo regarding Handicap sign on the road adjacent to church on 7th Ave and 59th Street. Currently the church does not have off street parking. Does our policy allow for a H.C. sign to be placed if no off street parking is available? Let me know how we should proceed with this.

Kevin,

I had a request from the Church to add a handicapped parking spot some place around it. They really don't care where, but would like one put in someplace and I'll leave it up to you to decide what works best.

Can you take a look at this when you get a chance and make a recommendation?

Sincerely,

~Ted
