Hello Mr. Chairman

I would appreciate an opportunity to vote on agenda item #7. To that end, could the committee request a deferral since I will not be in attendance at Monday's meeting? I request the deferral, so I can review what they are planning and in turn minimize any potential negative impact on the neighborhood.

Some background information about this Sav-A-Lot store. When it was owned by a individual I was given assurance that they would only sell enclosed packages. They would not sell any six packs, or individual items. They were true to their word. When the store was sold to corporate Sav-A-Lot, there were quite a few decisions made without consultation with myself even after I extended an offer to keep communication open. I have not heard from anyone at the store about this application. Thank you I request the deferral, so I can review what they are planning and in turn minimize any potential negative impact on the neighborhood

COMMUNITY DEVELOPMENT & INSPECTIONS

TO: Chairperson Curt Wilson

FROM: Rich Schroeder, Deputy Director, Community Development & Inspections *RS*

RE: **Outdoor Dining Application for Elsie Mae Cannery & Pies at 5819 6th Avenue (District 2)**

DATE: June 27, 2016

The Department of Community Development & Inspections had requested deferral of this item at the May 31, 2016 meeting due to conflicts on the application regarding capacity and questions on the restrooms. The applicant requested that the item be placed on the June 27, 2016 meeting.

Conflicts still exist. The application indicates twenty (20) seats and the plan indicates approximately thirty-two (32) seats. The applicant said they would reduce the number of seats, but no additional information was provided.

The building inspector also met with the applicant at the site to review the current restroom layout. The existing restroom complies for the current business. The addition of tables inside or outside changes the "occupancy/use" under the Section 29 of the IBC, resulting in different restroom requirements.

In order to comply, the owner would need to make changes by either adding a restroom or making modifications to the existing restroom. No changes have been submitted as of this date. Without making changes, the Outdoor Dining would not comply with the Building Code.

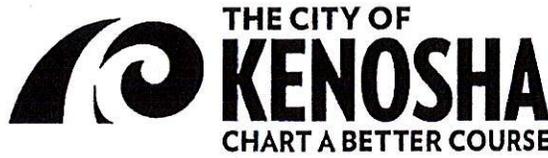

The Department of Public Works has a concern regarding accessibility of the bicycle parking rack. However, there are no standards for minimum clear zones around bicycle parking areas. The Site Plan shows four (4') feet between the bicycle parking rack and the nearest proposed bench/table seating area. There is also five (5') feet between the bicycle parking rack and the planting island and six (6') feet between the bicycle parking rack and the building.

Also, Public Works raised a concern regarding the proximity of the existing adjacent Outdoor Dining Area and Elsie Mae's proposed Outdoor Dining Area and how they will create a 90° turn in the pedestrian walkway. Because the proposed Dining Appurtenances will not be as mobile as tables and chairs, alleviating this concern will require a redesign of both the site and the appurtenances.

Since the request will not comply with the Building Code as presented, a recommendation is made to deny the Outdoor Dining application.

RE: **Outdoor Dining Application for *Elsie Mae's Cannery and Pies* at 5819 6th Avenue**

DATE: May 24, 2016

The Department of Community Development and Inspections has received an application for Outdoor Dining Area for ***Elsie Mae's Cannery and Pies*** at 5819 6th Avenue. The application has been reviewed by City departments.

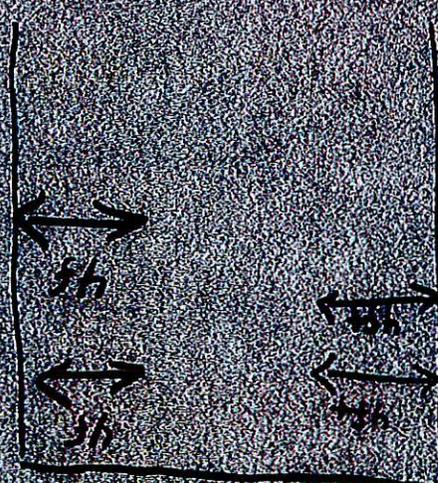

The Outdoor Dining Area application is for the use of the public sidewalk adjacent to the building facade. The plan indicates the use of five bench/table combinations and twelve (12) stools placed along a counter. The areas are eleven (11') feet wide by seven and one half (7 1/2') and twenty-four (24') feet long. The proposed Outdoor Dining Area also includes a sandwich board sign.

The Department of Public Works has a concern regarding accessibility of the bicycle parking rack. However, there are no standards for minimum clear zones around bicycle parking areas. The Site Plan shows four (4') feet between the bicycle parking rack and the nearest proposed bench/table seating area. There is also five (5') feet between the bicycle parking rack and the planting island and six (6') feet between the bicycle parking rack and the building.

Public Works also raised a concern regarding the proximity of the existing adjacent Outdoor Dining Area and ***Elsie Mae's*** proposed Outdoor Dining Area and how they will create a 90° turn in the pedestrian walkway. Because the proposed Dining Appurtenances will not be as mobile as tables and chairs, alleviating this concern will require a redesign of both the site and appurtenances. A counter-argument may be made that this change in direction can discourage bicycles, skateboards and other traffic that may conflict with pedestrians, and may be worthwhile to retain.

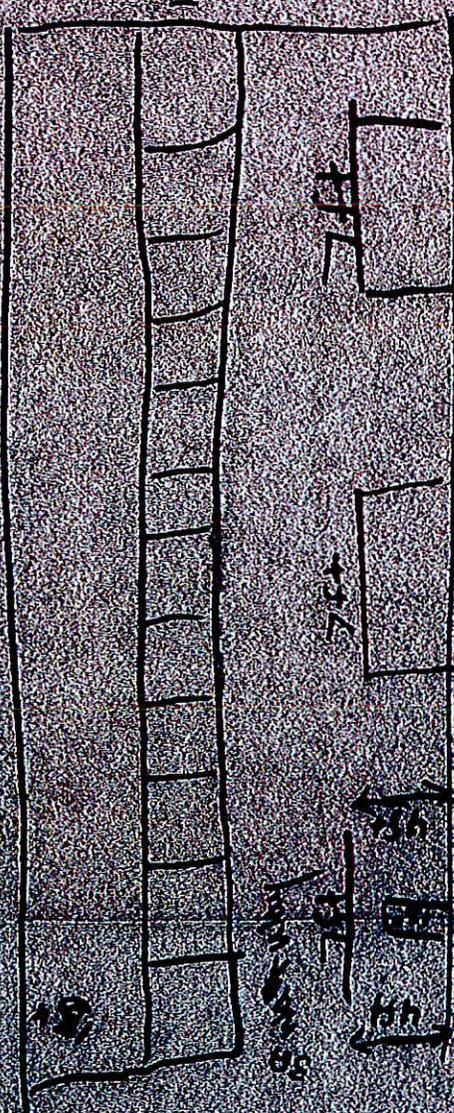

The application otherwise conforms to Section 5.046 of the Code of General Ordinances.
