Shelly Billingsley, MBA, P.E.
Acting Director of Public Works
City Engineer

Date: September 10, 2015

To: Alderperson Rocco LaMacchia, Chairman
Public Safety and Welfare Committee

CC: Alderperson David F. Bogdala
District 17

From: Shelly Billingsley, MBA, P.E.
Acting Director of Public Works / City Engineer

Subject: *Aldermanic Request for a YIELD sign at the intersection of 63rd Street and 93rd Avenue (District 17) (Staff recommends 90-day trial)*

BACKGROUND INFORMATION:

Alderperson Bogdala is requesting for a YIELD sign at the intersection of 63rd Street and 93rd Avenue.

Public Works Engineering Staff inspected the intersection of 63rd Street and 93rd Avenue. This intersection is a T-intersection of two residential roads with no sight distance issues. The Manual on Uniform Traffic Control Devices states that YIELD signs should be considered for use on low-volume roads where engineering judgement indicates that the normal right-of-way rule might not be readily apparent. The existing traffic control near this intersection is shown on Attachment 1.

RECOMMENDATION:

Public Works Engineering Staff recommends the installation of a northbound YIELD sign on 93rd Avenue at its intersection with 63rd Street. The signs would be installed for a 90-day trial.

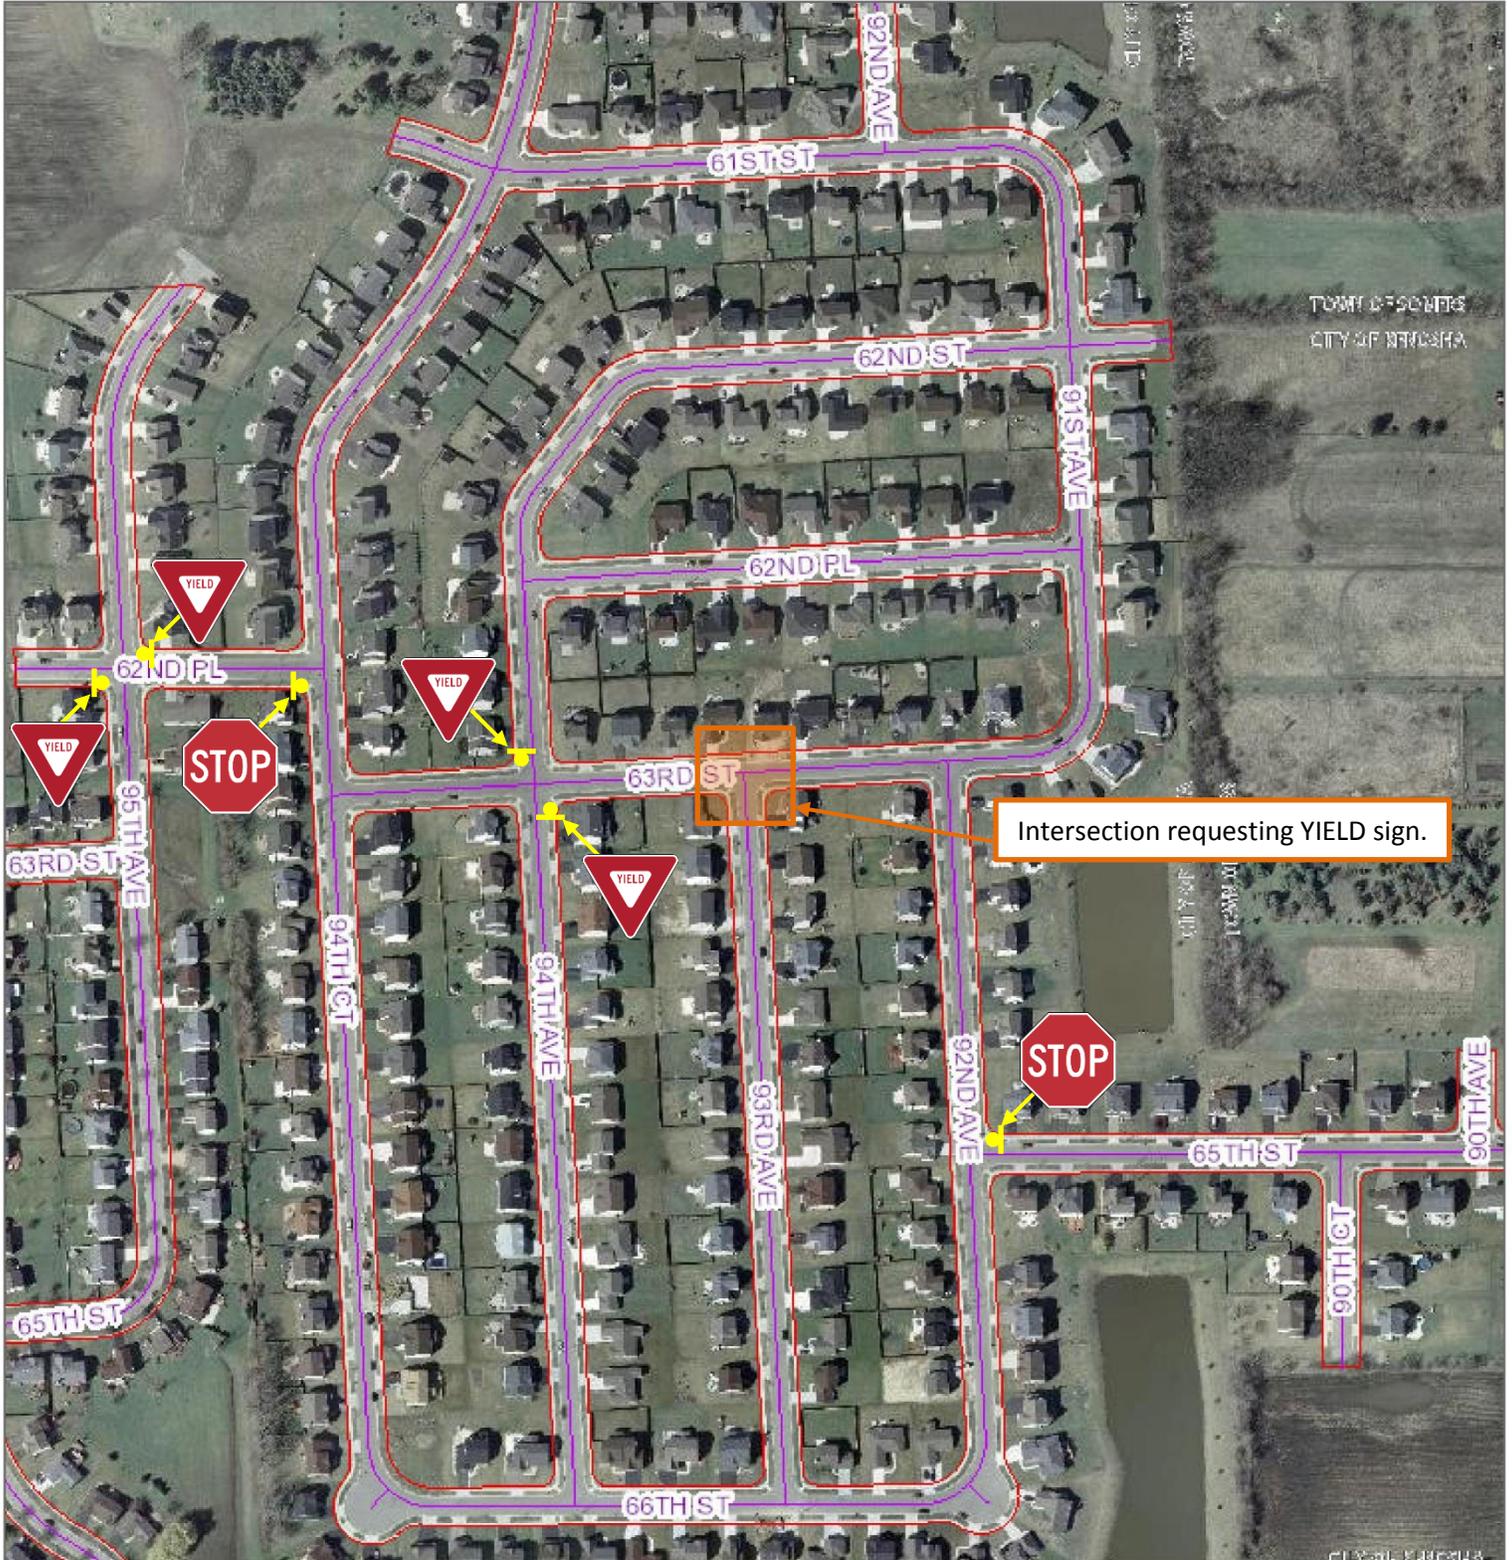

Existing Traffic Control

Near the intersection of 93rd Avenue and 63rd Street

1 inch = 300 feet
Date Printed: 9/10/2015
