Subject: *Approval of Request from Carolyn's Coffee Connection West, LLC to continue R/W Encroachment for an existing sign
1351 52nd Street*

[Handwritten signature and date: 11-3-09]

BACKGROUND/ANALYSIS

The business owner recently opened a coffee shop at the above location, and is interested in re-using the existing sign on the building by replacing the faceplate on the sign fixture. Since the sign overhangs the sidewalk, it constitutes an encroachment on the right-of-way, and the business owner would like formal approval.

RECOMMENDATION

Approve the R/W Encroachment to allow the continued use of the existing sign at 1351 52nd Street.

Dear Sir:

I would like permission to utilize an existing sign on the north east corner of my new location at 1351 52nd Street. The sign currently sits over the sidewalk so I'm aware I need permission from the City to utilize it since it's over a public right of way. I'm hoping you will consider grandfathering in this sign since very little is changing.

The only thing that will be changed on the existing sign is my logo. I am using the existing box and plexi-glass (I was able to peel the letters off from the previous business). The sign already has electricity running to it and is working so there is no need to involve contractors.

I have attached a copy of the proposed sign. In an effort to speed things along and avoid any potential problems, I have included a Certificate of Liability naming the City of Kenosha as an additional insured.

Thank you for your consideration and time.

Sincerely,

Carolyn Kirkby, Owner
