December 14 2010

To: G. John Ruffolo, Chairman
Public Works Committee

Anthony Nudo, Chairman
Storm Water Utility Committee

From: Michael M. Lemens, P.E.
Director of Engineering/City Engineer

Subject: *Acceptance of Paving and Drainage Improvements
Meadows at Hunters Ridge Subdivision*

BACKGROUND/ANALYSIS

This original developer for this project went bankrupt, and the City began procedures to finish the work under the developer's agreement by going after the letter of credit. The bank informed that City that they had found a buyer for the property, and the new buyer replaced the existing letter of credit with a new one under their own name. The buyer did complete the improvements in the *Meadows at Hunter's Ridge Subdivision* as shown on the attached exhibit map, and is now requesting that all drainage and paving improvements be formally accepted by the City.

The street paving and drainage improvements for this subdivision has been inspected and approved for acceptance by the Department of Public Works - Engineering Division personnel. The developer has met all requirements for acceptance by the Committee and Common Council.

Upon acceptance by the City, the City will be responsible for the operation and maintenance of the street paving and other improvements.

RECOMMENDATION

Approve the street paving and drainage improvements for acceptance.
