KENOSHA – The Dream Playground at Petzke Park, 2820 14th Ave., will open for the season beginning Monday, March 11th, 2024. It is a fully inclusive, accessible playground that allows children of all abilities to play together.

The 15,000-square-foot park features two bird nest swings, an accessible merry-go-round, adaptive side-by-side swings, Braille and sign language alphabets, and a poured-in-place flooring for easier maneuverability. The playground also has a wheelchair swing, which requires a key to operate – contact the Department of Parks at 262-653-4080 for more information.

The restrooms at the park will remain closed due to staffing, but the Parks Department plans to open them in mid-April.
