Getting the best out of life: It's something that everyone strives for. And the assurance of knowing you're safe and sound plays a large part in being able to enjoy it to the fullest. With heart attacks affecting more than 900,000 people each year and strokes affecting about 795,000 people each year,¹ Aflac's Lump Sum Critical Illness insurance policy can help with the treatment costs of these illnesses and health events.

More importantly, the policy helps you focus on recuperation instead of the distraction and stress over the costs of medical and personal bills. With Aflac's Lump Sum Critical Illness plan, you receive cash benefits directly—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses, such as car payments, the mortgage or rent, groceries, or utility bills—the choice is yours.

No one wants to think that a serious illness could occur, but shouldn't you consider how you and your family would manage if you were unable to work due to an illness? An Aflac Lump Sum Critical Illness policy could make a difference to your well-being, your family, and your future.

The facts say you need the protection of the Aflac Lump Sum Critical Illness plan:

OUTLINE OF COVERAGE FOR POLICY FORM SERIES A7310H

1. Read Your Policy Carefully: This Outline of Coverage provides a very brief description of some of the important features of your policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

2. Lump Sum Specified or Rare Disease Insurance Coverage is designed to supplement your existing accident and sickness coverage only when certain Losses occur as a result of Critical Illness. Critical Illnesses are: Heart Attack due to coronary artery disease or acute coronary syndrome; ischemic Stroke due to advanced arteriosclerosis or arteriosclerosis of the arteries of the neck or brain; hemorrhagic Stroke due to uncontrolled high blood pressure, malignant hypertension, brain aneurysm, or arteriovenous malformation; End-Stage Renal Failure due to kidney disease; Coma due to a covered Injury; or Paralysis due to a covered Injury. Coverage is provided for the benefits outlined in Part (3). The benefits described in Part (3) may be limited by Part (5).

3. Benefits: Subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions, we will pay the following benefits for a covered Critical Illness that occurs while coverage is in force.

IMPORTANT: BENEFITS ARE PAID FOR A COVERED SPOUSE AND DEPENDENT CHILDREN AT 50% OF THE PRIMARY INSURED'S BENEFIT AMOUNT. ALL BENEFITS REDUCE BY ONE-HALF FOR LOSSES INCURRED ON OR AFTER THE 75TH BIRTHDAY OF A COVERED PERSON.

Aflac will pay the following benefits, as applicable, while this coverage is in force, subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions, unless indicated otherwise.

For any benefit to be payable, the Onset Date of the Loss must occur on or after the Effective Date of coverage and while coverage is in force. If more than one Loss per Covered Person occurs on the same day, only the highest eligible benefit will be paid. Aflac will not accept an assignment of these benefits. All benefits will be payable to you. Any accrued benefits unpaid at your death will be paid to your estate.

A. MAJOR CRITICAL ILLNESS BENEFIT: Aflac will pay the amount shown in the Policy Schedule upon a Covered Person's Onset Date of any of the following Critical Illnesses:

1. Heart Attack due to coronary artery disease or acute coronary syndrome;
2. Ischemic Stroke due to advanced arteriosclerosis or arteriosclerosis of the arteries of the neck or brain;
3. Hemorrhagic Stroke due to uncontrolled high blood pressure, malignant hypertension, brain aneurysm, or arteriovenous malformation;

4. End-Stage Renal Failure due to kidney disease;
5. Coma due to a covered Injury; or
6. Paralysis due to a covered Injury.

This benefit is payable once per Covered Person, per lifetime.

B. SUBSEQUENT CRITICAL ILLNESS BENEFIT: After a Covered Person has previously qualified for benefits under Benefit A above, Aflac will pay the amount shown in the Policy Schedule upon that Covered Person's Onset Date of:

1. a **recurrence** of that **same** Critical Illness, or
2. an occurrence of a **different** Critical Illness.

For this benefit to be payable, the Onset Date of the Critical Illness must be 180 days or more from the Onset Date of any previously paid Critical Illness for such Covered Person. This benefit is not payable on the same day as the Major Critical Illness Benefit. No lifetime maximum.

C. CORONARY ARTERY BYPASS GRAFT SURGERY BENEFIT: Aflac will pay the amount shown in the Policy Schedule when a Covered Person undergoes Coronary Artery Bypass Graft Surgery due to coronary artery disease or acute coronary syndrome. This benefit is payable once per Covered Person, per lifetime.

D. SUDDEN CARDIAC ARREST BENEFIT: Aflac will pay the amount shown in the Policy Schedule upon a Covered Person's Onset Date of Sudden Cardiac Arrest due to cardiac rhythm abnormalities or acute coronary syndrome. This benefit is payable once per Covered Person, per lifetime.

4. Optional Benefits:

Exceptions, Reductions, and Limitations of Rider Series A73050:

Benefits payable under this rider will be reduced by one-half for Losses that begin on or after the 75th birthday of a Covered Person.

- A.** Benefits are not provided for premalignant conditions or conditions with malignant potential (unless specifically covered); complications of cancer; or any other disease, sickness, or incapacity.
- B.** This rider contains a 30-day waiting period. If a Covered Person has a Loss before his or her coverage under this rider has been in force 30 days, benefits will not be payable for that Loss. At your option, you may elect to void the coverage under this rider and receive a full refund of premium for such coverage under this rider.
- C.** Aflac will not pay benefits whenever coverage provided by this rider is in violation of any U.S. economic or trade sanctions. If the coverage violates U.S. economic or trade sanctions, such coverage shall be null and void.
- D.** For benefits to be payable, the Onset Date must occur after the 30-day waiting period and while coverage is in force.
- E.** Aflac will not pay benefits for Skin Cancer.
- F.** For the Internal Cancer Benefit to be payable for a recurrence, direct extension, or metastatic spread of any Internal Cancer that was diagnosed prior to the Effective Date of coverage or during the 30-day waiting period, the Covered Person must be free from treatment for that Internal Cancer for a consecutive 12-month period before the Onset Date of the recurrence, direct extension, or metastatic spread.

“Treatment” means consultation, care, or services provided by a Physician, or taking prescribed medications or drugs, for Internal Cancer. Treatment does **not** include Maintenance Drug Therapy or routine follow-up visits to verify whether Internal Cancer or Carcinoma In Situ has returned.

RETURN OF PREMIUM BENEFIT RIDER: (SERIES A73051)
Applied for Yes No

Aflac will pay you a cash value based upon the annualized premium paid for this rider, the policy, and any other attached benefit riders (**premium paid for the policy and other attached benefit riders will be calculated at the original premium in effect on the rider Effective Date and will not include premium increases that may occur for the policy or other such riders**). All Return of Premium Benefits/cash values paid will be less any claims paid. If you surrender this rider for its cash value after the Onset Date of a Loss but before claims are submitted, we will reduce subsequent claim payment(s) by the

amount of the cash value paid. Both the policy and this rider must remain in force for 20 consecutive years for you to obtain a maximum refund of premiums paid. If this rider is added to the policy after the policy has been issued, only the premium paid for the policy after the Effective Date of this rider will be returned. When this rider is issued after the Effective Date of the policy, the 20-year period begins for both the policy and this rider on the rider Effective Date.

The cash value for premium paid for the policy and this rider begins on the fifth rider anniversary date.

Your cash value is based upon annualized premium of \$ _____. If you surrender this rider after its fifth anniversary and such surrender occurs between rider anniversaries, a prorated amount for the partial year will be paid. The proration will be calculated by taking the cash value difference between the last and next anniversary dates, dividing by 12, and multiplying by the number of months that premiums were earned in the partial year at the time of surrender. This proration will then be added to the cash value on the last rider anniversary date, and this will be the cash value paid.

IMPORTANT! READ CAREFULLY: This rider will terminate on the earlier of: (1) its 20th anniversary date and payment of the cash value; (2) your surrender of it for its cash value between the fifth and 20th anniversary dates; (3) your death prior to its 20th anniversary date, in which case the cash value (if any) will be paid to your estate; (4) your failure to pay the premium for this rider, in which case any cash values due will be paid; (5) the policy's termination, in which case any cash values due will be paid; or (6) the time that claims paid equal or exceed the cash value that would be paid on the 20th policy anniversary. When this rider terminates (is no longer in force), no further premium will be charged for it.

5. Exceptions, Reductions, and Limitations of the Policy (This is not a daily hospital expense plan.):

Benefits payable under this policy will be reduced by one-half for Losses that begin on or after the 75th birthday of a Covered Person.

- A.** Aflac will not pay benefits for any Loss that is caused by a Pre-existing Condition, unless it begins more than 12 months after the Effective Date of coverage. Benefits are payable for only one covered Loss at a time per Covered Person.
- B.** Aflac will not pay benefits for any Loss that is diagnosed or treated outside the territorial limits of the United States, its possessions, or the countries of Canada and Mexico.
- C.** Aflac will not pay benefits whenever coverage provided by this policy is in violation of any U.S. economic or trade sanctions. If the coverage violates U.S. economic or trade sanctions, such coverage shall be null and void.
- D.** For any benefit to be payable, the Onset Date of the Loss must occur on or after the Effective Date of coverage and while coverage is in force. If more than one Loss per Covered Person occurs on the same day, only the highest eligible benefit will be paid.

E. Aflac will not pay benefits whenever fraud is committed in making a claim under this coverage or any prior claim under any other Aflac coverage for which you received benefits that were not lawfully due and that fraudulently induced payment.

F. This policy does not cover Loss caused by or resulting from:

1. Using any drug, narcotic, hallucinogen, or chemical substance (unless administered by a Physician and taken according to the Physician's instructions), or voluntarily taking any kind of poison or inhaling any kind of gas or fumes;
2. Participating in, or attempting to participate in, an illegal activity that is defined as a felony, whether charged or not ("felony" is as defined by the law of the jurisdiction in which the activity takes place), or being incarcerated in any detention facility or penal institution;
3. Intentionally self-inflicting a bodily injury or committing or attempting suicide, while sane or insane;
4. Being exposed to war or any act of war, declared or undeclared; or
5. Actively serving in any of the armed forces or units auxiliary thereto, including the National Guard or Reserve.

PRE-EXISTING CONDITION LIMITATIONS

A "Pre-existing Condition" is an illness, disease, infection, disorder, or injury for which, within the 12-month period before the Effective Date of coverage, prescription medication was taken or medical testing, medical advice, consultation, or treatment was recommended or received, or for which symptoms existed that would ordinarily cause a prudent person to seek diagnosis, care, or treatment. Benefits for a Loss that is caused by a Pre-existing Condition will not be covered unless the Onset Date is more than 12 months after the Effective Date of coverage. Any Pre-existing Condition admitted in the application is covered from the Effective Date of the policy unless excluded by specific name and description.

6. Renewability: The policy is guaranteed-renewable for your lifetime by the timely payment of premiums at the rate in effect at the beginning of each term, with benefits reduced beginning at age 75, except that we may discontinue or terminate the policy if you have performed an act or practice that constitutes fraud or have made an intentional misrepresentation of material fact relating in any way to the policy, including claims for benefits under the policy. Premium rates may change only if changed on all policies of the same form number and class in force in your state. **Benefits under the policy reduce by one-half for Losses incurred on or after the 75th birthday of a Covered Person.**

CONSULT THE POLICY ITSELF TO DETERMINE GOVERNING CONTRACTUAL PROVISIONS.

TERMS YOU NEED TO KNOW

The condition must require intubation for respiratory assistance. Coma does not include any medically induced coma.

Spouse is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically insured from the moment of birth. If coverage is for individual or named insured/spouse only and you desire uninterrupted coverage for a newborn child, you must notify Aflac in writing within 60 days of the birth of your child. If notification is not received within 60 days, Aflac may refuse to continue coverage beyond the 60-day period unless, within one year after the birth of the child or the date of petition for adoption, you pay all past-due payments and interest on such payments at the rate of 5 ½% per year. Upon notification, Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due. Coverage will include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap, and who became so incapacitated prior to age 27 and while covered under the policy. Dependent children are your natural children, stepchildren, or legally adopted children who are under age 27. HEART ATTACK: a myocardial infarction caused by a blockage of one or more coronary arteries due to coronary artery disease or acute coronary syndrome. The attack must be positively diagnosed by a physician and must be evidenced by electrocardiographic findings or clinical findings together with blood enzyme findings. Heart attack shall not be construed to mean congestive heart failure, atherosclerotic heart disease, angina, coronary artery disease, cardiac arrest, or any other dysfunction of the cardiovascular system. Sudden cardiac arrest is not a heart attack.

LOSS: a critical illness, coronary artery bypass graft surgery, or sudden cardiac arrest.

ONSET DATE: the date of the occurrence for a heart attack, stroke, or sudden cardiac arrest; the date of diagnosis for end-stage renal failure, paralysis, or coma; or the date of surgery for a coronary artery bypass graft surgery.

SUDDEN CARDIAC ARREST: sudden, unexpected loss of heart function in which the heart abruptly and without warning stops working as a result of an internal electrical system malfunction of the heart. Any death where the sole cause of death shown on the death certificate is cardiovascular collapse, sudden cardiac arrest, cardiac arrest, or sudden cardiac death shall be deemed to be sudden cardiac arrest for purposes of the policy. Sudden cardiac arrest is not a heart attack.
